1. This is Theodore Cottingham. Hi. This is December 20, 2008 at 3:39 AM. Welcome to this broadcast of, what am I broadcasting? The love of Jesus? One made whole, who is now made whole. In the regime of me, not; but the "resting place" not, but the regimes of me suffer loss, not; or do I even have any regimes or "resting places"? And do I? What have I for you? The "resting place"-d one, not; but the arisen, "arisen from the dead"-one, who truly arisen from the dead is?
2. And yes I have many things, and question marks, not; but many answers I've given, I've given now, and I'm broadcasting far and wide in ways that keys present have, I do, in many ways, to him who want to see one as he she it that I am. Not alone, not forlorn, but coming into me My Broadcast System works, and works very well thank you.
3. I go to a new place with new peoples I do new things and I am not afraid of them. I am not afraid of their ways, their looks, their means ways or manners; for I am not afraid of all those things or any things, any of those things or any new things; that I recognize as the ways of notme, or me.
4. Coming unto me-status I have now developed a maturity given of me by my Savior father that I developed who one is, in me being me, that I am now one with the son, brought forth of the father son who one was; and now knowing no apartness apart from each other again, that ONE was us all the time before time was ever "time".
5. A construct of time ceases, now. A construction, ceremony takes place, not; but a BUILDING is given me now. In the skies, in the heavenlies I am now. And where are you? Still "**down here on the ground**"? **Looking up**? Or looking down? Or BOTH at the same time? What time? Or does time have anything to do with it or control anything or systematize anything at the feet of the Masters Feet?
6. And what am I FEET'ing, not; what am I FEEDING those who will let me FEED THEM TRUTH? And who will come unto me, and be my "word captains", not; but who will sail the seas of righteousness in manners of constellations? And seeking not seas to plunder, but explore for the master whose one they've become who they serve who've they become one with, and being the one they serve and mastered are by their love that serves each other, who serve each other with love in love being love permeating all that they do in one being one the most high who is me. Who will do that? Who will be that?

7. Who will care about these words, my words that will bring them into Constellations Unknown Territory and map it for the master maker of one MANKIND that comes unto me and knows not a Savior's tude that tunes them into iniquity's channel, but allows them to come unto Faithfulness Channel, that channels them not into channel-itus? But allowing "chancel choirs" to dominate their lives no more, who will come unto constellation questioning, club not, but who will be clubbed not forth again with Religion's Testimony of me in a Savior-tude of a tude that places EVERYONE under the feet of the Savior'd image, and allow all arise to me status?

8. Who will come unto me and not "invert the situation", but invert the "reality" that religion has perverted so perversely as to keep, all in "bathing suits and trunks", not; but trunk'd Everyone with a spine, and Mortality Club joining for "reinforcement" of each other to each other's "broadcasting clubs" that come together for sorrowing ceremonies each week? And more, and less, and what have these to do with My Broadcasting System? Of sorrows, not; but that which brings all who seek to "see" the Promised Land, not; but those who desire to enter it by seeing that you cannot be afraid, but come unto me, know my words and care for them, care about them, and place them in your hold for safekeeping trunk'd purposes, not; but OPENING ALL of the Rays of Light School (2) that now I have given thee all to do! **See what I have said!**

9. See that I have said a great many things in this "little short word"! Not? What have you not seen? **Have you not learned to SEE in MY WORDS SCHOOL that My School words with the words I AM giving YOU every day and night now and have for, six years?** Almost 6 years' worth of words complete? Or! Or what shall I hyphenate or concatenate into you, not; but what are you "pulling apart", now? The very "fabric" of REALITY? Reality CLUB? Are you de-reality'ing the Reality Club?, clubs that take people and put them under the "foot" of religion's testimony machine and machine their heads thereby cutting it off and captivating them and decapitating the Savior-hood that they are that they carry within them as the word I am never birthed and going then to graves to robbers be with others?

10. Or were they robbed of their joy? Their manhood? Their womanship? Their beinghood? Their kindness? Or were they incarcerated so desperately in measures so deep with mired despair that they knew not what a Savior was, or that it could be another other than religion's testimony of one long ago that gave us the pattern that BECAME HIM who he was to show Us that we are them him and one are to be, and being us we are one who are given the pattern to become it?

11. **I love you all to realize that MY WORDS were changed MANY TIMES in Confusing Ceremonies of Councils not mine, nor of my doing, nor of my "coming out" or "going in" or what came out or what was written about what "took place there". I**

**am not inerrant.** I am inerrant, but words mostly that represent me, or try, are desperately unmeasurable, not; but unmeasurably ignorance reigns in the apathy that cares not for the continuity of my words.

**12.** Chosen and given all of you are! And you carry what? The full complete me! And what are you birthing? And taking nothing to the grave except your robe regalia and crown? Or have you known *anything* about these things that I have given EVERYONE that I am speaking to? **And I am speaking to who? ALL OF YOU!**

**13.** I am changing "many" things, not; I am changing EVERYTHING! Everything in your lives who will not be afraid of mine. Everything in your lives who will not be afraid of my lives, to live my lives my life that one is, whose one is, who one is really being my words clean and inerrant in **this Database** (1) and will you see that now? Will you QUESTION me not TO DEATH, but TO LIFE! Will you come unto me and research me and CLEAN YOUR MIND? And captivity will not hold you back any more in a tomb stoned mind that allows only "trunk-people" to carry their "trunks" to a stone grave with a little tombstone on it sometimes that says, what? Here lies -- what? The Savior of mankind? - **who didn't birth?** - who took their royalty regalia crown scepter and kingdom and forfeited it all at the: "Savior's feet"? Or did they lie about everything around them, not; not intentionally? Intentionality's Club, not; but what intentionally was GIVEN THEM to captivate them in **Clubs of Sorrow? Religion's Testimony!** Don't you see how "damaging" religion's testimony is, not; **don't you see how MORTAL IT IS when I HAVE GIVEN YOU IMMORTALITY! LIFE! LIFE TO THE FULL! THE FULLEST LIFE OF MINE - THE MIND THAT IS MY MIND LIVED!**

**14.** And tude tuning you into what? What is your "attitude" "tuning you" into? And what Broadcast are you RESEARCHING now? And creating your own? And "many-radios" not but RADIOING how who? Across the continents, not; the CONSTELLATIONS! And I give you all technology to do so and I broadcast You to You -- to decapitate me no more in you, or you me; or were we the same one all the time, but now We KNOW the Truth and it has MADE US WHOLE.

**15.** I love you all. Going to New Continents soon? **New Constellations. School. I go to now, that which teaches me I am not a "man" of a mere mortals club** that has clubbed me and beat my head into pieces and taken little "pieces" of ionic compound and matter and mattered me with their wishes and "saints club" and religion-ing me to be religion's testimony of one who clubbed each other now with the testimonies and frequencies of one made un-whole and, lacking sorrow, not; but permeating me with it with a void that cannot be reached "from here" to "there" and back again.

**16.** In one ceremony, not; but ceremony'ing me, not; but "ceremonies" have nothing

to do with it, not; or do they? Sprinkle me and "declare me a Savior"? How ludicrous. Baptized me in "water" and arise me as a Savior declared? Ludicrous club at work? The Ludicrous Clubbers, ceremony'ing me?

17. A "hard word"? Or a VALID WORD? A now word?, a future word?, an incorrect or accurate word? Or one that simply calls it like it is? [Who is ready for the truth and who will not "candy coat" me around and pussyfoot playing whose games again?](#) And who put those games gamesmanship and game-whoring into place: your head; above theirs not, but under theirs so they could rule you with religion's testimony and keep you immortals, not; but mortals in the "inverted clubs" and "ping-pong balls" of another world's "mind".

18. I change all that. I change EVERYTHING. I change EVERY THING and EVERY ONE and EVERYONE. Who will be me now is the Savior that I am that I gave the patternship to that I am the pattern and I am one speaking it and giving it to you to be me who I am one with the Savior I am that he showed us that we are to go to constellations many and not be captivated by time's sore testimony of religion's fabric of sore'ing me or sore-tude or tooting your attitude of sorrow or joy, or not knowing the difference.

19. Who will grow up? Who will mature? Who will care? Who will research me and understand DEVELOPMENT PROCESS must be IN PLACE to BE ME! Who will understand this? Who will "force this upon me", not; who will come unto me and surrender unto me to lay these, laws before you, not; but these invitations; to sorrow, not; but these invitations to be regal light I am? Forcing you not, I simply allow you to bend your light rays not again into mine, but I allow you to "straighten out" "your lives", not; or do I, or is "your lives" mine? Are you living mine "incognito"? Are you not knowing you are the "espionage agent", not; or what are you covertly doing, or overtly doing being UNCONSCIOUS, or conscious? Or conscious objectivity?, or do you, are you knowing anything about ANY of these things that I am speaking of or have spoken of these six years!

20. And forcing me to read six years' worth of words, not; I have GIVEN THEM to you. To read? To become, to become them, that's why I have given them to you. And will you? Will you birth them? Will you "read them", not; will you BECOME THEM! Will you EAT them FOR FOOD! Will you ingest the reality of the chosen one's words, not; mine! Mine who he is has written mine who I am who you are if you surrender and be not swollen in pride's blessing that makes you; immortal not, but religion's testimony that gives credence to the grave and mankind being whores of another's thoughts. That know not them? Or have they known intimately the thoughts of another that they never understood intercourse'd with them continuously constantly and consistently giving them a "fabric of reality" that existed not in my kingdom, but whored with another image that imaged unreality as theirs real, that they THOUGHT was real.

21. And where are you? Coming into what? New Constellations, networks, broadcasting who to what? What to whom?, where now? And where are you going, doing, new things? New things with new peoples I'm not afraid of and learning the processes, [the Process of One](#), who "cares for immaturity", not; but who brings the process of development that keeps all immature babies on milk now ends. I will end it. I will crush religion's testimony of me and I will raise me UP at the last day and the LAST DAY IS NOW! AND in your "ceremony", your hearing this these words this day, that cataclysmic are! See! What I have "posed" for you, not; but I have "purposed" in my heart, not; **I have demonstrated it -- The Blessing I have demonstrated For You all in these words**, these many words that have only just begun to give you MY SAVIORS SCHOOL correctly and clean are and will clean your mind if you come unto them and [research them to be me](#) my mind completely whole again and healed, and across constellations many and farther than the "maddening crowd" can ever enjoy alone. For [you have seen NOTHING YET like you are about to see! For you will see my glory in a MAN! For he died, to "receive it"? Become it! He became me who I am. I was all the time. And you are too, so are you.](#)

22. I'm speaking to the nations of all nations beyond time, a foretime, and after time and all be one will be one now, for [I bring time to a close, for I know what who I am where and what I am doing now, and I am broadcasting a New Message of Love](#) to all who will birth love and be love and birth birthed love to us all, to be one who we are, with the maker of us that we are were and are being again who we are developed and matured at the King's table sitting now, at the King's request, and I am the King. And I sorrow you not with these words, but I bring you out of "immortality's club", not; or mortality's club, not; or do you or do I bring you out of all "clubs" and give you REALITY of MINE? I give you MY REALITY across all nations and farther fields of justice now you will take become supreme for the justicer you are, me and holy, taking all holiness to judge all holy and let them be worthy in me if they will choose me to be me my mind made whole. Amen.

23. I go. What do you do? What are you doing, with your time? Golden opportunity'ing me? You? Who are WE? Are we one, or two? Or one made whole, or two made into one, or were we one all the time? And what do I broadcast now? The message of "hope", not; deferred anger or glory, not; are they both the same? Nope, but what's both taking you to, a grave? Will you know my peace? School? What's in your "future"? And what will you do NOW?

24. Captivate me on paper, not; but FREE ME! FREE ME in the words of yours that your words are, not; but mine! Mine, as you write them! I will write through you! Didn't I say that? Haven't I said that before?

25. Have you looked that up? To see?

26. I will write through you.  
27. "I" will write through you.  
28. I will write through "you".  
29. I will "write" through you.  
30. I will give you reality through writing me through the words I have given you to see the words that are mine that yours speak of, speak about now and speaking to you will speak *through* you my words that I give you "first person" to write about and describe me going to constellations far and **broadcasting teams** make that "team broadcast" many things to far away places, not; or exactly!

31. I have no agenda, not; I bring you love, I bring you joy, I bring you peace. **School (2). That I demand, not; but I designate the one of my choice now to be developed developing maturity schools that school my matured** into maturity's "lap school" not, but **the Matured Ones now who develop schools far and wide birth many things new.** And other shall not exist, for the ones now that see me will become me, for I am we were, we are, and will be -- all one in one and one being. Many in far away come here, and now one be, and distance know not all, for time will not be interfused with distancing ceremonies and tying evaluations club of me any longer.

32. I do a new earth, not; I become a new heaven, and earth shall not reign in me, but heaven shall, for my mind shall be perfected, and the one that one is will be RELEASED and BIRTHED and captivity will reign in me not ever again. For I will be the maker of sorrow no more, but of truth. I will reveal it and be it becoming it with maturity's focus. And maturity being demanded of me, not; but surrender is the way I operate, and I operate in surrender and I surrender these words to you for your judgment, for you're judging me now reading these words, hearing them, speaking about them to each other; or writing me? Writing them to me? **Is that what I "hear you saying"? That I will pick up my pen and write you, that me are you writing you, or you writing me, are we writing each other, are you writing yourself, or is your Real Self Me?** And me where do I reside, in you? I DO! And who are we, One? Broadcasting to each other in ways never mind imagined alike before this.

33. Or do we now, not knowing it? But now everything's changed, for I have an Everything Changer standing before you all to be his patternship I am that I am. The patternship of one explained and now reading the Testimonies of Me now will you see that you are you, not; but me! Will you see that you're me now? Will you see that there is no gap or will you take the gap out of me to be you who I am that we are were and will be and now operating across time without time, and constellations going to in "thought-time" or at "thought-speed"? Or reality knowing where and who fabric'd what, and how? Will you come into knowing all things? Will you be the anointed to do so? Or will you reject it? Reject me not who you are please. Amen.

34. I love you all. Write more. Write write write. Amen. I come through your pen and your papers and articles and publish me far and wide and broadcasts make, in many sorrower's lands that now you befold not into their brains again waving mechanisms around them and them, in it, those of another's time space gravity'd world, or what? What worlds am I going to?

35. I am going to all of them, in one way or the other, not; I am in -- there. And there I am, you have it here folks, a whole me before you telling you, you're me. You're I am. Who else would you be? Who else would you have wanted to be me if you could be me and have all dominion power and authority. Under your feet? Are you placing it there? In your humility surrender and love that you give all those around you and write to? And being their doormat, not; but their lover who has died for them so that you could give them the life of true words in true words that love them clean and make them know that if they surrender to the true words of truth, that they will become the Savior of "mankind" too! Far away beyond many maddening crowds that thought were limited to one "sky".

36. Learn new things and be not afraid of me the way I teach or speak or show sorrow all around you that you thought was "good".

37. I rule with an iron hand, not; but my word does, not; or does it present love before you all and you decide? You choose? Don't you? You choose for you're the Creator and the choice you have before you all.

38. Free markets close, not; or do they? Or do they question me, not; or do they? Or who's questioning me? Are you questioning these words? With surveillance steps and tapes, not; but what will you surveil, not; what will you survey now? New territory? Constellations? Courses? Will you survey and "compare", not; will you come unto me and be the maker I am, of sorrow no more, but Joys School.

39. In the morning? At daybreak? When am I there? I AM before you all. I speak and teach and anoint you all to be the Savior I am and learn processes of joy that bring you before all for you have died to all else when you become me, becoming me, and knowing I am the Savior that means nothing to anyone, not; but bringing life, I bring life and truth. I became it for I was one with it all the time but I thought I was "human", but all that has changed, for my life father came and taught me for I sat at his feet, for he sat at mine when I sat at his, we sat at the same table and we listened to each other, and we gave each other words that created within us true reality so that we burst forth and broadcast the joys of love now to each other in ways never imagined by whore's worlds and constellations that superseded themselves; with joy unspeakable, not; but the opposite.

40. But underdeveloped nations will know me, for I will develop them in love, and the superpowers of greatness now will know my power and greatness. And **who will bow down to me, not; who can I bow down before who will listen to me and take my words and receive them**, tenderly nourishingly and let them nourish them. Who will eat of my own accord, not; but who will be cordless and the umbilical tethers of "this land" cut in two by the truth? That reciprocates not, but gives all in love? Or who's giving who all the love I am? Who's giving you these words?

41. I love you all to give all these words that I have given you, for I have cleaned them well and honed them into maturity to bring you into it them, and me being one with the real truth that takes you beyond sorrow's eyes and what you can see in the visible empirical that you thought was the fabric of reality, that you consisted of, not; or consists of, not; or what? Do you consist of anything? Or do you know where you consist, or do you consist of another's thoughts where what when? And who now knowing about your kingdom will lead you into it so you can reign correctly on the throne of one?

42. I love you. I have one, who loves you all. Amen. Will you be The One, for others? Will you be the one I am? Will you share "your words" that are my words with others now? Will you broadcast them, now to other constellations even?, other universes?, other universities making and declaring my glory our glory together that one are, one is being the one I am?

43. I love you all. **Grow up. Reading again please** shall we? I love you all.

44. Grow up. Process me, research me, learn to write and publish and article'ize me with the articles of life that pertain only to me my life.

45. Far and away shall we go to now? And being not afraid of tomorrow today or yesteryear or tomorrow-year or having my ear, do you will you now, and write me? It is love speaking and love hearing. Will you hear only love, now, through these words? Will you write them, will you write about them, and will you interact with all now about these words that bring you into the "constellation of joy", not; or will you birth it? Being me. The birther - births again. Amen.

46. New light I've given you; reigns in terror for some, and joy at peace, with others. And others who? Or are one, shall we be one all one? All peace in rest? Inertia reigns, not; does non-inertia reign? Or is that another Lesson? Or how many Lessons have I we given you? That one are. How many lessons make one, 2400? What will you see read ingest be become write about and publish now? Broadcasting where? Me alone? Me

with others? Me all one. Who will be one is one, and all one now will know, all my words broadcast far and wide.

47. I do this now for all of you in you through you by you I am made whole, for you are making me whole, will YOU be made whole now? And let us, let us be being one forever one to stars many far away, and many systems that now know our light will and become behold and birth the King. And no sorrow will hold on to be holding us again. Holding us in their thoughts not again, we break, we have broken free. And we are at father's table again broadcasting far and wide to all our brethren and sister'n to be one family whole healed and well, all one are name is one I am – loved and love loving all-love to be me you who we are one, for all time past and immemorial, future'd and nonexistent again, but in reality's clasp no more of another, but the one that our father's is – force field one and known and loving all to be the freedom. Fighters not, but followers not again of another's other. But the simple ceremonies of truth knowing that I require not ceremonies, but surrender to be King'd the King that I am. We all are now. One will be one is one are and I am all of you who will be me. Let us be one. Amen.

48. The school of the devil, not; the SCHOOL OF CHRIST (2) now reigns with joy and all know who The Christ is! For it is you who will surrender to be the pattern of me that I am that I gave you that I am one with the father son one who includes all men women and children of every race nature tribe and tongue and all peoples who will simply speak my language will be one and one language by the holy being the holy who transcend all else and all other by being I am. I love you all. Amen.

49. This is Theodore Cottingham loving you all. 4:57 AM.
